Capabilities Statement

Medical Jets International, LLC is a diverse and comprehensive company of healthcare providers and resources with the ability to respond or deploy, by air or ground, to a wide variety of healthcare needs 24/365. These include, but are not limited to, emergency disasters, rescue missions, healthcare staffing needs, aeromedical and ground ambulance transports, 911 support, clinical practice oversight, and much more. Our highly qualified clinicians are here to serve when duty calls.

Medical Jets International, LLC has a team of hundreds of clinicians including doctors, nurses, paramedics, EMTs, and is supported by a comprehensive clinical command center, aeromedical jets, a fleet of ground ambulances, rescue vehicles, ATVs, and private security trained medics. We have the ability to deploy assets throughout the US and abroad.
